SCHEDULE

0645-0730 BREAKFAST.
0715 REVEILLE FOR THE DUTY SECTION. DUTY SECTION CLEAN UP PUBLIC AREAS.
0745 OFFICER'S CALL.
0800 DEPARTMENT HEADS BRIEF CO. LIBERTY EXPIRES. QUARTERS AT DIVISION LOCATIONS.
1130 LUNCH
1730 DINNER. QUALIFICATION DELINQUENTS MUSTER.
1900 DUTY SECTION CLEAN UP SHIP.
1930 DUTY SECTION TRAINING.
2200 QUALIFICATION DELINQUENTS MUSTER.

1. The following personnel are delinquent in submarine or below decks qualifications and will muster with the COW as indicated above:

QM3 (SS) FILLIUS
FTB3(SS) POEHLS

QM3(SS) WALTERS
MMFN PLEDGER

SDSA ROSBORG

2. I noticed several people abusing the "comfortable shoe" principle on sea trials. Slippers do not fit the definition, and are not to be worn outside berthing spaces. Hush puppies/tennis shoes are authorized. All shoes are to be worn with socks.

3. E-4 eval roughs are in the hands of division officers. An equal opportunity statement, as well as ability to converse and write, is required on all evals.

4. The haircut situation in too many cases is UNSAT. If it takes an all hands personnel inspection to get this squared away, I'll do it. LPOs/division officers take note - have you forgotten your responsibility to your people?

5. Another reminder - no new beards may be started until we deploy on patrol.

6. Squadron medical officer conducted a sanitary inspection of the Crew's Dinette yesterday - his evaluation - UNSAT. Keeping that place clean cannot be done by just the mess cooks - how about a hand?

7. It is anticipated that torpedoes will be offloaded today and unloaded tomorrow.

8. The Enlisted Submarine Ball will be held 13 April 1974. If you're interested see the COB for tickets.

9. There will be a beer ball game Saturday and Sunday 13 and 14 April starting in the afternoon. Beer and soft drinks will be available. Food will be provided by the ship.

10. Last call for school requests. The final request for quotas for next offcrew training period will be mailed Friday.

11. There have been 5 reported thefts in crew's berthing. Some cases the individual has not adequately secured his money, but in others lockers were broken into.

Recommendations:

- a. Lock your valuables in your locker.
- b. Make lockers more tamperproof by putting nuts on your lock.
- c. Report not functioning locker devices to the COB.
- d. Lock large amounts of money or other valuables in a safe. The COB will gladly store them for you.
- e. Keep your eyes open.

12. April 10 Navy Times reports M1 SESSLER has been selected to MTC and M1 ANDRESS has been selected to MMC. Advancement dates are not available but both should be advanced between 16 April and 16 September 1974.
